

*We'll change the world
We're breaking through
Everything we do is for you*

*We'll lift our voice
And own the table
So everyone is able
Access is what we need.*

*Communicating And guiding
We're leading, Synthesizing
Translating, Integrating
We'll break that barrier down*

*Access is what happens
When we start to imagine
What we need to change
And give to the world.*

(Break that barrier down)

*If we just continue leading
Guiding and synthesizing
The access that we're providing
Will raise a voice.*

(Break that barrier down)

*We're a fusion of solutions
Knowledge without confusion. We
breakthrough to bring more to it.*

(Break that barrier down)

*We influence and we listen
Passion is our position. Pfizer,
we've got the vision, of course
We break them barriers down*

*Bridge (Repeats)
Translating on access
Integrating access*

*Breakthroughs don't break through' unless they
land in the hands of the people who need them.*

(We'll break that barrier down)

*We have the knowledge, the know-how,
the experience and the external and
internal credibility to do it.*

(We'll break that barrier down)

*Our function has to be seen as a connector
that brings together all the different pieces.*

(We'll break that barrier down)

*Together, we're going to illuminate a path
that inspires others. To meet the challenges
of the healthcare landscape.*

(Break that barrier down)

*There are a lot of transferable skills across
groups and maybe we can gain confidence
to give people a better chance.*

(We'll break that barrier down)

*Everything we do at the end of the day, we have
to get into the hands of people who need it.*

*It's all about access ya'll.
This is a BrightHouse/Pfizer collabo
Raise your voice.*
